Belaya Dual Champion TJ Runs Circles Around Competition

By Brigitte Greenberg and Jill Baum

Winning a lure coursing trial at the Whippet National runs in the family of this year's winner, Dual Ch. Can. Ch. Belaya CirqueDuSoleil, SC, FCh (TJ). TJ's older half sister, FCh Belaya Tiger Eye, SC, (Bella), won the trial at the 2001 National in Dallas. Breeder Carol Chittum of Washington state attributes TJ's win over more than 60 Whippets to his "desire and focus and willingness to give 150 percent."

"He wanted it, and he ran a smart course," said Chittum, who established Belaya Whippets in 1979. "He went deeper into that corner on the last run, and if it had been real game, he would have been the one who got the rabbit because he got closer to it. He has good follow and good speed. He had a real clever race."

In addition to being an AKC dual champion, TJ is also a Canadian show champion and has his ASFA field championship. He's a competitor in this year's Triathlon, hoping to add to his win on the field with a solid score in novice agility. As of Sunday night, he had two legs toward his title.

The 3 1/2-year-old hound, who is co-owned by Celeste Carter, is the son of Belaya Pajama Game, SC, LCM, CGC (Teddy) and FC Can. Ch. Belaya Sunkissed, SC, LCM, Can. FCh. (Georgie). TJ's grandfather was the first AKC dual champion in the history of the breed, DCh. Bitterblue Loco Weed (Wilbur). Chittum has finished five AKC dual champions and says the classic dual purpose of beauty and speed are integral to her breeding program.

"If it can't run, I'm not interested, and if it can't finish in the show ring, I'm not interested," Chittum said. "I want dogs that are

beautiful, fast, easy to live with, trainable and sensible."

Chittum describes TJ as a clown with a show-off attitude. TJ stands for Tiger Joe because his brindle coloring made him look like a tiger at birth, and the initials also stand for Teddy Jr., as he is the son of Teddy.

Chittum said TJ's conditioning is a result of her lifestyle, living on acreage in the woods with a large paddock of about one and three-quarters acres. It's part woods, part open, and she describes it as "Disneyland for Whippets" because they can run and play to their hearts' content. She takes her Whippets on three-mile, off-leash walks two to three times per week, depending on the season. She also uses toys to make the dogs sprint. One is a type of frisbee with a large hole in the middle called an Aerobie, which sails in the air for long distances. The other is sling-shot type toy that sends a soft rubber ball over long distances

closer to the ground. She prefers the latter because the dogs don’t have to jump to catch the ball.

“I play a chasing activity every day, rain or shine, snow, whatever. We do that every day,” said Chittum.

That conditioning, she said, helped TJ sustain his stamina, speed and focus over the course of five, 880-yard runs to secure the win.
