March 30, 2005

## Scout Seen as One to Watch in Future

**B**reeder/Judge David Samuelson of Dashing Whippets found the brindle Irish-marked bitch, Merci Isle 2 Kill A Mockingbird, most deserving of Best In Futurity 2005 from the 6-8mo bitch class.

He "couldn't take his eyes off her from the moment she entered my ring," Samuelson said.

Scout was bred by Rachel Amado and Henry Heil of Maverick Whippets and co-bred by Iva Kimmelman of Merci Isle Whippets. The sire is Ch. Merci Isle Light The Way, FCh, and the dam is Merci Isle Maverick Bandana, both dual purpose whippets.

The breeders took two unique Merci Isle lines with the goals of improving the soundness of the sire and bringing elegance and more length of leg to the mother. They feel that their goals were acknowledged today with Scout exemplifying their idea of the Whippet standard in her moderate size, structural balance, smooth outline and soundness of movement, adding attitude and showmanship to the mix. They hope Scout develops into an elegant, athletic dual champion.

This litter also produced the winner of the 6-8 dog class and 3rd place winner in the 6-8 mo bitch class.

Breeder Rachel Amado brings 8 years of experience in whippets, with a long history of training Olympic dressage horses. Her goal is to continue to build a breeding program that focuses on proper form that allows function on the field. Her proudest moment in the breed is the success she has made with this litter, after raising the puppies on her ranch in California.

*Co-breeder, owner and handler Iva Kimmelman with Best in Futurity winner Merci Isle 2Kill A Mockingbird and judge David Samuelson.*

Co-breeder, Iva Kimmelman brings 38 years of experience raising whippets. Mrs. Kimmelman has bred a National BIS winner, Ch. Merci Isle Meridian, and his son, Ch. Merci Isle Burncoat Babylon, who was her first Best in Futurity winner.

### Futurity Class by Class Results
